ABOUT ME

Java Developer Fresher with a strong passion for technology and hands-on knowledge of designing and developing user-friendly web applications. Familiar with Java, JSP, Servlets, JDBC, and MySQL, and concepts like OOP and MVC architecture. Eager to start a career in the IT industry, continuously learn new technologies, and contribute to building efficient and reliable software solutions.

SKILLS

- Programming Languages :** Java, JavaScript (ES6+), C, C++
- Web Technologies :** HTML5, CSS3, React JS, JSP, Servlets, Bootstrap
- Database Technologies :** MySQL, MongoDB, SQL, JDBC
- Build & Dependency Management :** Maven
- Tools & IDEs :** Eclipse IDE, Visual Studio Code
- Version Control :** Git, GitHub
- Core Concepts :** Object-Oriented Programming (OOP), Data Structures and Algorithms
- Soft Skills :** Time Management, Quick Learner, Communication Skills

EDUCATION

- Bachelor of Technology (Computer Engineering)**
Rashtrasant Tukadoji Maharaj Nagpur University (2024)
- Class 12th – State Board**
New English Junior College (2020)
- Class 10th – State Board**
New English High School (2018)

INTERNSHIP EXPERIENCE

FULL STACK DEVELOPER INTERN (Jan 2024 – Jun 2024)

WideSoftech Pvt. Ltd.

- Built and deployed responsive web apps using MERN stack. Collaborated with a team of 4 to design UI components and integrate backend APIs. Improved site performance by optimizing React components and MongoDB queries.

PROJECTS UNDERTAKEN

- Campus Event Management System**
Developed a Java-based web application for managing college events, allowing users to view events and admins to add, update, and delete event details using JSP, Servlets, JDBC, and MySQL, following the MVC architecture.
- Educational Website (Frontend Development)**
Designed and developed a responsive website for a preschool to showcase information about programs, admission details, and contact information. Implemented clean UI using HTML, CSS, and JavaScript. Added features such as an About Us, Gallery, and Contact Form to improve user engagement.
- Residential Remodeling Website (Frontend Development)**
Created a professional website for a remodeling service to showcase offerings and build an online presence. Implemented a modern UI design with clear sections such as Services, Portfolio, Testimonials, and Contact Form. Focused on visual presentation and brand consistency, using images and layouts to reflect the service theme.
- Personal Portfolio Website**
Designed and developed a responsive personal portfolio website using React.js and Tailwind CSS to showcase projects, skills, and resume with a modern UI and smooth animations.

CERTIFICATIONS & INTERESTS

- Six months MERN Stack Development Internship at Widesoftech Pvt Ltd.
- National Programme on Technology Enhanced Learning (NPTEL) certificate in Cloud Computing and Social Network.
- National Conference on Innovation in Science Engineering & Management (NCISEM).
- C, C++, Python, Java Languages course at Pro-Tech Software Solutions.
- Workshop on Data Analytics Using POWER BI by TechTip24.
- Interests:** Playing indoor games, Learning new thing
